Introduction

The development of Clifford's Neighbourhood Plan is being undertaken by a group of local residents acting in a voluntary capacity, under the auspices of Clifford Parish Council. This questionnaire is based on feedback from the public launch event held in July 2017 and subsequent discussions in the parish.

This report presents the basic results of the household survey and has been independently produced by Data Orchard CIC, commissioned by the Clifford Parish Council, and based directly on the residents' responses to the distributed questionnaires.

Version history

Version 1.0

Presentation of results

This report presents the results of the survey mainly in the form of tables and charts. For the most part the base for each question is the total number of respondents who answered that question. However, if 10% or more of the total survey respondents didn't answer a particular question that is applicable to everyone, the base for that question is considered as the 'total survey respondents'. For those questions where a substantial proportion have not answered, it is considered that using the total survey respondents as the base and showing how many did not answer gives a more appropriate representation of respondents' opinions. In this report, an * indicates the situations where this has been used.

The tables show the number and percentage of respondents who selected each option. When percentages are presented, they are rounded to the nearest whole number. This may give rise to occasions where the total number of respondents sums to just under or over 100%. Note that if respondents could select more than one answer to a particular question, the percentages may add up to more than 100%.

Survey methodology

The questionnaires were delivered to each household in the parish by volunteers to all people in the household aged 16 years and over. Completed questionnaires were collected by volunteers a couple of weeks later. The questionnaires were returned by the 31st October 2017.

A copy of the questionnaire can be found in Appendix 1

Response to the survey

According to the 2011 Census, the total number of residents aged 16 years and over in the Clifford Parish on 27th March 2011 was 424¹. Based on this census figure, responses have been received from 48% of residents.

Total resident questionnaires returned		Census 2011 Number of 16+ residents	
	Number	Number in parish	% of individuals responding
Total questionnaires returned	202	424	48%

Key findings

Demographics

There were 202 responses in all, representing 48 per cent of the population of the parish, just over half of these were from female residents. Nearly a half of respondents did not answer the question about their age group. From the people who responded, most age groups were fairly represented in the responses with the exception of 16-24 year olds who were under represented in the responses, meaning that lower proportions of that age group responded to the survey than expected of the population.

Over two thirds of respondents had lived in the parish for over 10 years. Over a third of respondents were not working, but those who were mostly worked within 20 miles of their home or worked from home.

Just over two thirds lived in properties that were owned by them, with 98 per cent of responses coming from residents whose dwelling in Clifford was their main residence. Nearly all respondents have mains electricity and nearly three quarters have mains water, however only one per cent has access to mains sewerage. Nearly a third has delivered gas, only one percent has the access to mains gas. Over three quarters have access to broadband.

Clifford Vision

Q1. 88 per cent of respondents agreed with Clifford's vision statement. The respondents who did not agree or who wished to amend this made comments to provide alternatives.

Clifford Objectives

Q2. 88 per cent agreed with the given objectives of the Clifford Neighbourhood plan. The respondents who did not agree or who wished to make some amendments to the objectives made comments to provide suggestions.

Environment – Conservation

Q3. Residents were asked what was important to them for quality of life in Clifford. The majority of respondents felt that all of the 15 options offered were either 'Very important' or 'Fairly important'. The options receiving the highest 'Very important' scores (60% or over) were:-

- ▶▶▶▶▶▶▶▶ Preserve existing woodland
- ▶▶▶▶▶▶▶▶ Preserve river meadows
- ▶▶▶▶▶▶▶▶ Build in appropriate places
- ▶▶▶▶▶▶▶▶ Preserve hedgerows
- ▶▶▶▶▶▶▶▶ Enhance nature habitats
- ▶▶▶▶▶▶▶▶ Safeguard views over and from the village

Environment – Sustainability

Q4. Residents were also asked what aspects of community living needed to be addressed to ensure that the parish thrived. Around three fifths of respondents chose the following aspects:

- ▶▶▶▶▶▶▶▶ Attracting younger people to live in our Parish
- ▶▶▶▶▶▶▶▶ Encouraging walking, cycling, going by bus more and leave the car at home
- ▶▶▶▶▶▶▶▶ Building homes that exceed government energy efficiency standards

Q5. About a half of respondents' experience about drainage and flooding on roads in Clifford was that 'The state of the ditches on local road' needs improvement.

Q6. Of the respondents who had issues with flooding, a third of respondents were affected in terms of 'travel in and out of the parish' and a tenth because it affected their properties.

Q7. The 'School' and 'Village hall' are very important according to the majority of respondents.

Economy

Q8. Two thirds of residents felt the Neighbourhood Plan should identify appropriate sites for business and industry, compared to 24 per cent who said 'No' and 9% who had 'No opinion'.

Q9. 'Existing buildings', 'Redundant farm buildings' and 'Brownfield land (previously developed)' were considered as appropriate land for business or employment purposes in the parish by three quarters of residents.

Q10. According to 90 per cent or more residents the following agricultural activities are appropriate for the parish:

-  'sheep'
-  'beef'
-  'arable -cereal and vegetables'

The least preferred activities were: 'poly tunnels', Factory (poultry meat, egg, pigs etc) and 'biofuels'.

Q11. Respondents felt that 'better broadband', 'policies that promote working from home' and 'better mobile phone reception' would encourage new businesses to locate in the parish.

Q12. Over two thirds of residents thought:

- 'selling produce 'at the gate''
- 'craft workshops'
- 'tourism and holiday accommodation'

are the most acceptable forms of business development in the countryside. 'Waste storage or disposal', 'warehousing/storage' and 'single wind turbines for business owner's use' are selected as not acceptable by the majority.

Q13. With regards to tourism, around two thirds of respondents wanted to encourage better/more provision of:

-  B&B accommodation
-  Better signed footpaths
-  Tourist information on website

There was some support for 'Better in-village tourist information (e.g. on notice boards, printed guides)' from 59 per cent of respondents but more opposition than support for 'holiday homes' and 'camp sites'.

Housing – Number of new houses

Q14. Residents were asked about the target of 30 new homes in the parish between 2011-2030, 46 per cent thought '30 should be the maximum', 31 per cent thought 'there should be less than 30' and for 22 per cent '30 should be the minimum, but there should be an upper limit'. There was hardly any support for '30 should be the minimum, with no upper limit'.

Q15. When the residents were asked what kind of homes (should be built) and where they should go, the majority thought there should be 'some' of each type of development in all the locations offered.

Q16. Residents were asked whether the Neighbourhood Plan should define settlement boundaries for Clifford Village and Priory Wood. Two thirds agreed, compared to 19 per cent who said 'No' and 13 per cent who had 'No opinion'.

Housing - Types of new housing development

Q17. Respondents clearly wanted 'Standard family homes (3 bedrooms)', 'Affordable Starter homes (max 2 bedrooms)' and 'Adapted/easy access homes; e.g. bungalows)' with over two thirds of respondents supporting these options. Fifty per cent or more residents disagreed with the options for 'Flats/apartments (various sizes, incl. Houses turned into flats)' and 'Larger homes (4 or more bedrooms)'.

Q18. In terms of new housing, respondents mostly wanted 'Privately owned homes', followed by 'Low cost housing for outright sale' and then 'privately rented homes'. 'Shared ownership homes' and 'Housing Association rented homes' had the support from a third of respondents.

Q19. The majority of residents the option of 'up to three houses' for any one housing development in the parish regardless of where they are built. The option of '3-6 houses' received an equal number of responses for and against with 'more than ten houses' receiving the least amount of support.

Q20. 39 per cent of respondents wanted the neighbourhood plan steering group to investigate the community housing group option further and report back to the community on its feasibility and costs compared to 31 per cent each who said 'No' or 'No opinion'. Furthermore, 25 respondents expressed an interest in being involved in the feasibility study.

Q21. Over 90 per cent of respondents felt that the new build should 'a low impact on the local environment' was important (both 'very' and 'fairly'). All the other factors that were listed were also felt to be important by the majority of respondents:

- ▶▶▶▶▶▶ Provide off-road parking
- ▶▶▶▶▶▶ Maintain minimum gap consistent with existing adjacent development
- ▶▶▶▶▶▶ Similar size and appearance to existing houses near/around it

Of those respondents that expressed an opinion more thought that innovative design was important than felt it was unimportant.

Infrastructure-Infrastructure and amenities

Q22. When asked 'What aspects of the local infrastructure/amenities do you think are in need of improvement?', 78 per cent of respondents felt that 'Road maintenance' was urgent. Other aspects that were felt to be urgent were 'Broadband speed' and 'Reduction of flood risk/ improved storm drainage'.

Infrastructure-Roads and Safety

Q23. According to 60 per cent of respondents, the roads in Clifford parish 'should include HGV restriction zones' and 'have capacity to handle the current volume of traffic, but no more'.

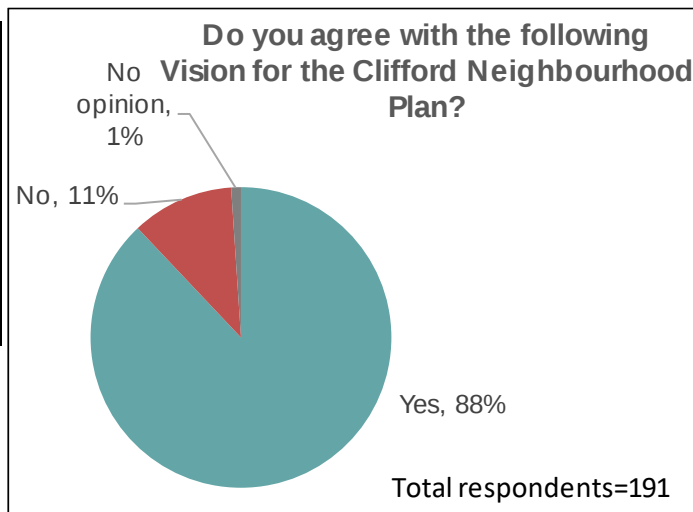

Q24. 50 per cent or more of respondents supported 'Speed warnings on main routes to Clifford school', 'More visible / comprehensive signage in areas where there are speed limits' and 'Mirror opposite Clifford Church road / Clifford village junction'. Of those respondents who expressed an opinion, more were in favour than were against 'Red tarmac bands displaying speed limits' and 'Radar-operated illuminated sign displaying speeds' but other traffic calming measures had less support.

Results

Clifford Vision

Q1. Do you agree with the following Vision for the Clifford Neighbourhood Plan?

	Number of respondents	% of respondents
Yes	168	88%
No	21	11%
No opinion	2	1%
Total respondents	191	100%
Not answered	11	

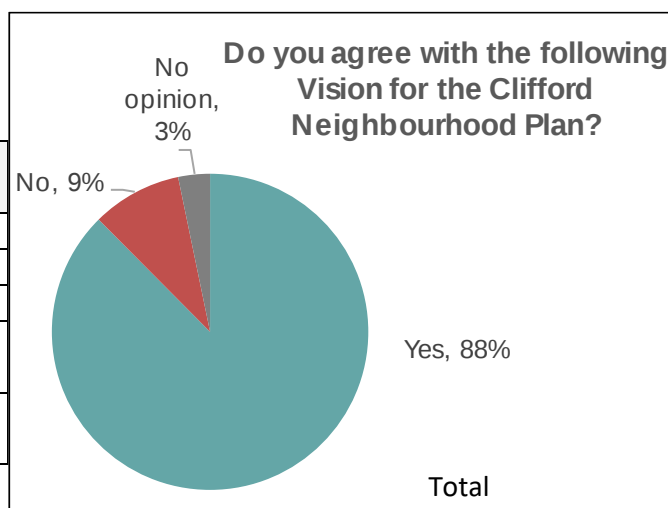

There were 46 comments made providing suggestions or amendments to the vision statement, please see Appendix 2 (Free Text Comments) for detail.

Clifford Objectives

Q2: Do you agree with the following Objectives for the Clifford Neighbourhood Plan?

	Number of respondents	% of respondents
Yes	162	88%
No	17	9%
No opinion	6	3%
Total respondents	185	100%
Not answered	17	

There were 41 comments made providing suggestions or amendments for Clifford objectives, please see Appendix 2 for detail.

Q3. How important are the following for quality of life in Clifford?

	very important		fairly important		fairly unimportant		not important		no opinion		Total respondents	Not answered	Base*

***Base= all survey respondents (202)**

There were 38 comments made to provide 'other' suggestions for quality of life in Clifford, please see Appendix 2 for detail.

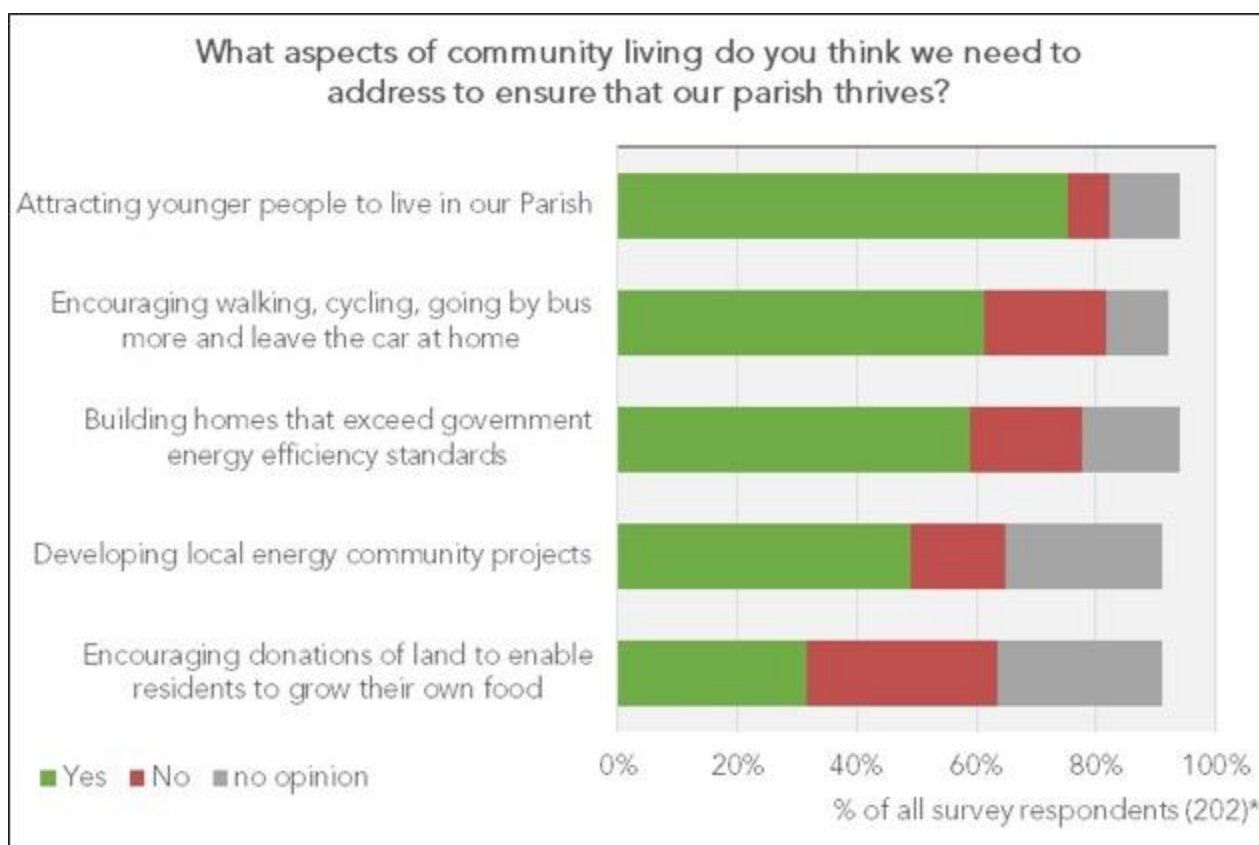

Q4. What aspects of community living do you think we need to address to ensure that our parish thrives?

	Yes	No	no opinion	Total resp.	Not answered	Base*
Attracting younger people to live in our Parish	152	14	24	190	12	202
Encouraging walking, cycling, going by bus more and leave the car at home	124	41	21	186	16	202
Building homes that exceed government energy efficiency standards	119	38	33	190	12	202
Developing local energy community projects	99	32	53	184	18	202
Encouraging donations of land to enable residents to grow their own food	64	64	56	184	18	202
Other, please specify	12	0	0	12	190	202

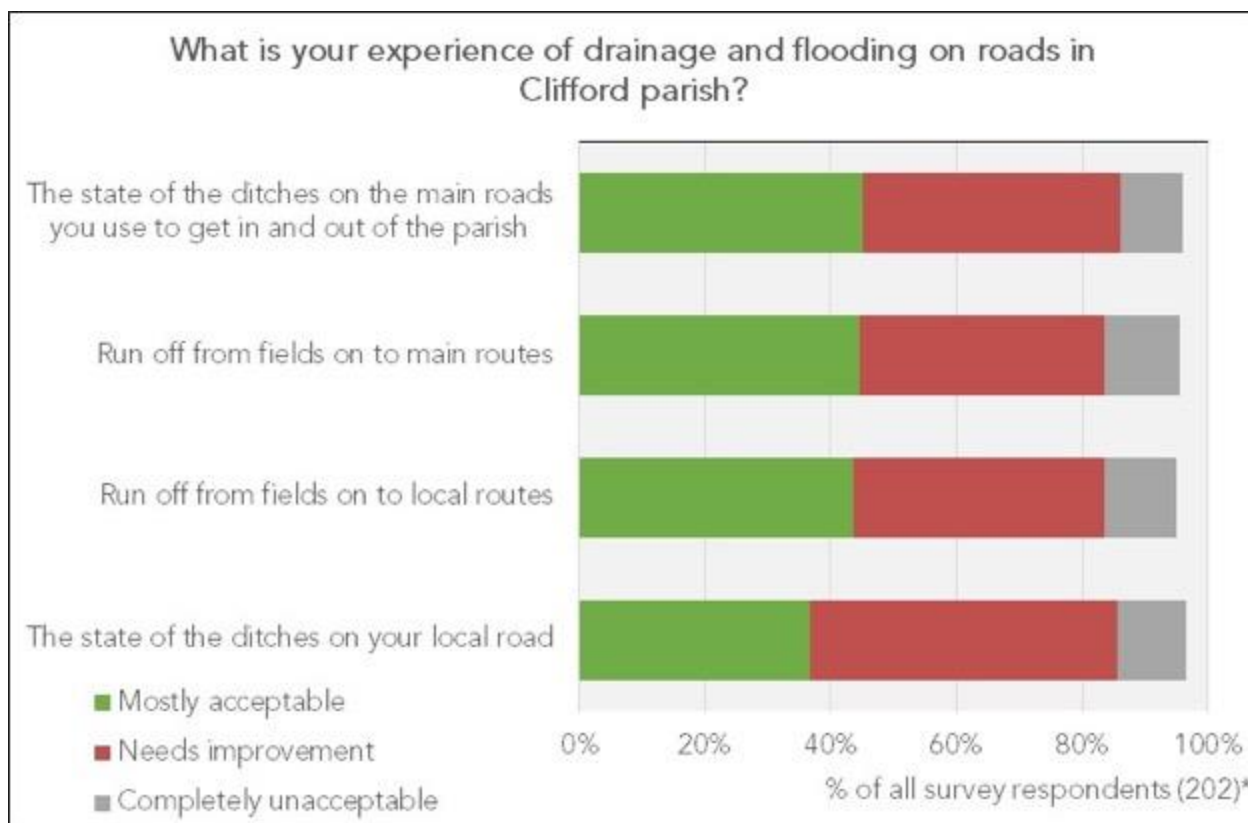

There were 38 comments made to provide 'other' aspects that need to be addressed, please see Appendix 2 for detail.

	Yes	No	no opinion
Attracting younger people to live in our Parish	75%	7%	12%
Encouraging walking, cycling, going by bus more and leave the car at home	61%	20%	10%
Building homes that exceed government energy efficiency standards	59%	19%	16%
Developing local energy community projects	49%	16%	26%
Encouraging donations of land to enable residents to grow their own food	32%	32%	28%
Other, please specify	6%	0%	0%

Q5. What is your experience of drainage and flooding on roads in Clifford parish?

	Mostly acceptable		Needs improvement		Completely unacceptable		Total respondents	Not answered	Base*
The state of the ditches on the main roads you use to get in and out of the parish	91	45%	83	41%	20	10%	194	8	202
Run off from fields on to main routes	90	45%	79	39%	24	12%	193	9	202
Run off from fields on to local routes	88	44%	81	40%	23	11%	192	10	202
The state of the ditches on your local road	74	37%	99	49%	22	11%	195	7	202

Q6 if you have had any issues with flooding how has it affected you personally?

	Yes		No		Total resp.	Not answered	Base*
Affected travel in and out of the parish	66	33%	116	57%	182	20	202
Affected my property	27	13%	155	77%	182	20	202
Other (please specify)	4	2%	2	1%	6	196	202

There were 22 comments made providing 'other' issues, please see Appendix 2 for detail.

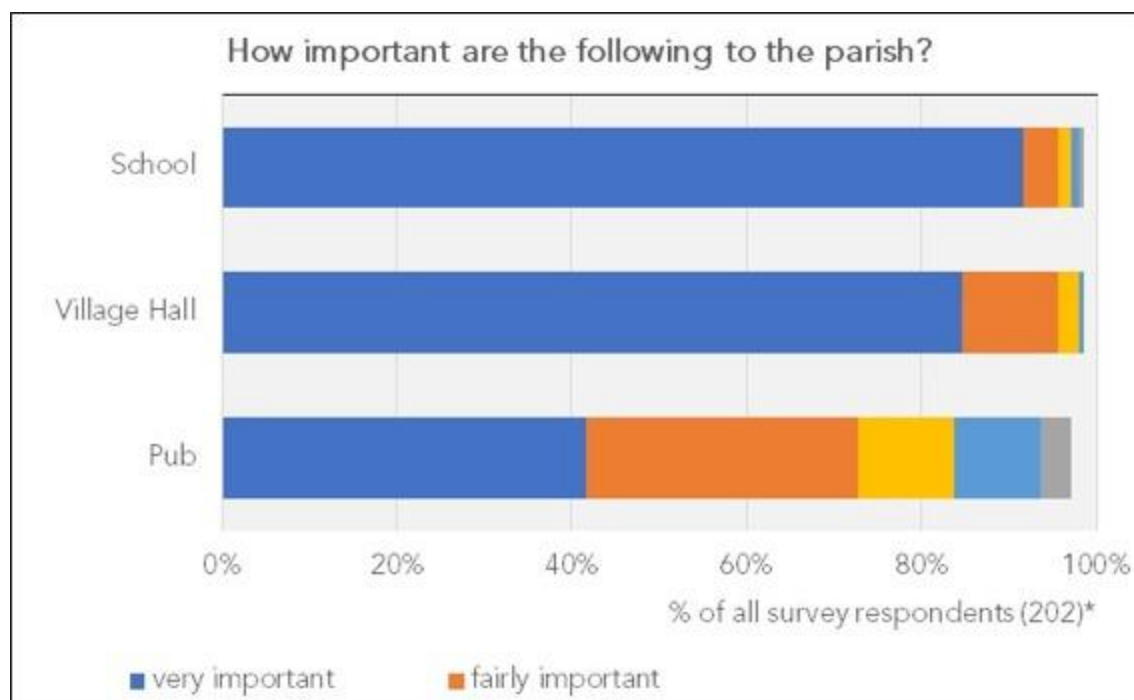

Community facilities-Safeguarding Assets

Q7. How important are the following to the parish?

	very important	fairly important	fairly unimportant	not important	no opinion	Total respondents	Not answered	Base*
School	185	8	3	2	1	199	3	202
Village Hall	171	22	5	1	0	199	3	202
Pub	84	63	22	20	7	196	6	202

	very important	fairly important	fairly unimportant	not important	no opinion
School	92%	4%	1%	1%	0%
Village Hall	85%	11%	2%	0%	0%
Pub	42%	31%	11%	10%	3%

Q8 Should the Neighbourhood Plan identify appropriate sites for business and industry?

	% of respondents	Number of respondents
Yes	128	66%
No	47	24%
No opinion	18	9%
Total respondents	193	100%
Not answered	9	

Q9 If answered yes on Q8, what types of land would you consider appropriate for business or employment purposes in the parish? (Tick all that apply)

	Number of respondents	% of respondents
Existing buildings	118	87%
Redundant farm buildings	114	84%
Brownfield land (previously developed)	100	74%
Greenfield land (previously undeveloped)	15	11%
Other	2	1%
Total respondents	136	100%

There were eight comments made to specify 'other' types of land that should be considered, please see Appendix 2 for detail.

Q10. What types of agricultural activity do you think are appropriate for the parish?

	Number of respondents	% of respondents
Sheep	190	96%
Beef	181	92%
Arable (cereal and vegetables)	178	90%
Orchards	161	82%
Farm diversification, (e.g. cheese making, farm shops, rural crafts, etc).	154	78%
Outdoor Horticulture (fruit, flower, herbs, bulbs, etc.)	152	77%
Dairy	150	76%
Equestrian	148	75%
Forestry	133	68%
Free range poultry	123	62%
Free range pig	109	55%
Indoor (Glasshouse) Horticulture (fruit, flower, herbs, bulbs, etc.)	83	42%
Biofuels	53	27%
Factory (poultry meat, eggs, pigs, etc)	40	20%
Poly-tunnels	38	19%
Total respondents	197	100%
Not answered	5	

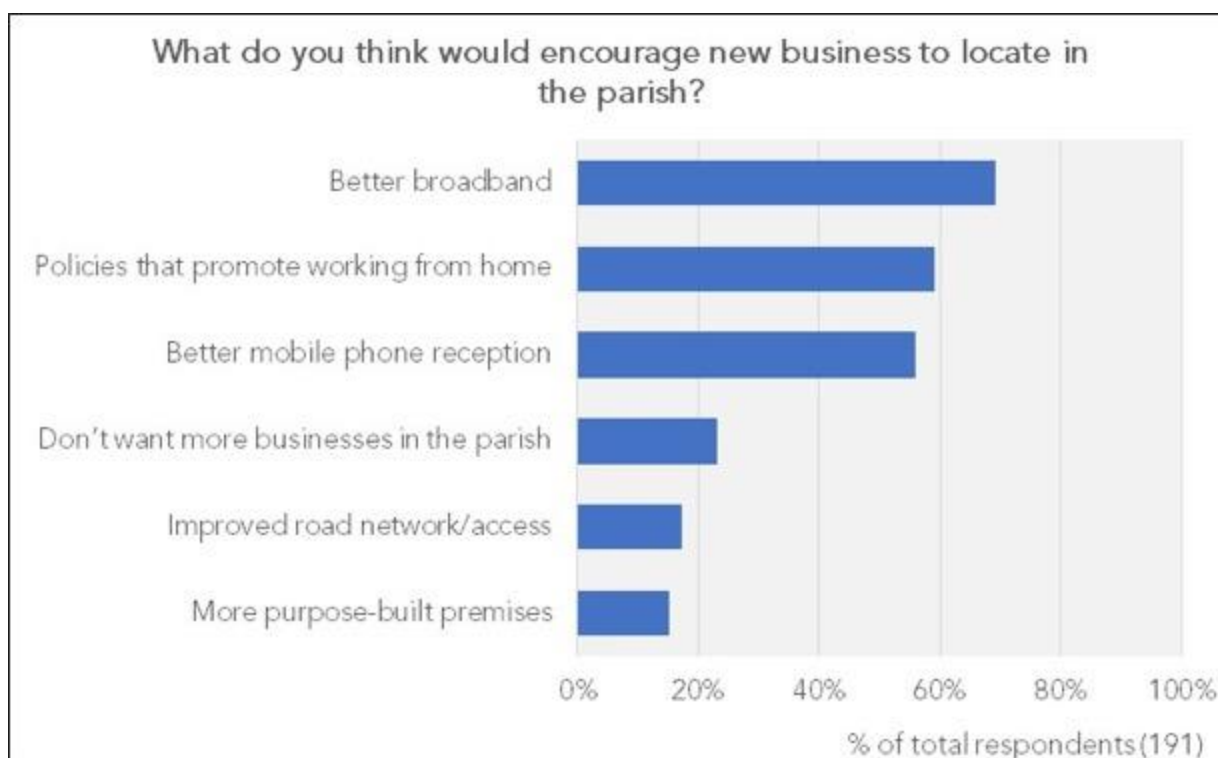

There were 14 comments made to specify 'other' types of appropriate agricultural activities, please see Appendix 2 for detail.

Q11. What do you think would encourage new business to locate in the parish?

	Number of respondents	% of respondents
Better broadband	132	69%
Policies that promote working from home	113	59%
Better mobile phone reception	107	56%
Don't want more businesses in the parish	44	23%
Improved road network/access	33	17%
More purpose-built premises	29	15%
Total respondents	191	100%
Not answered	11	

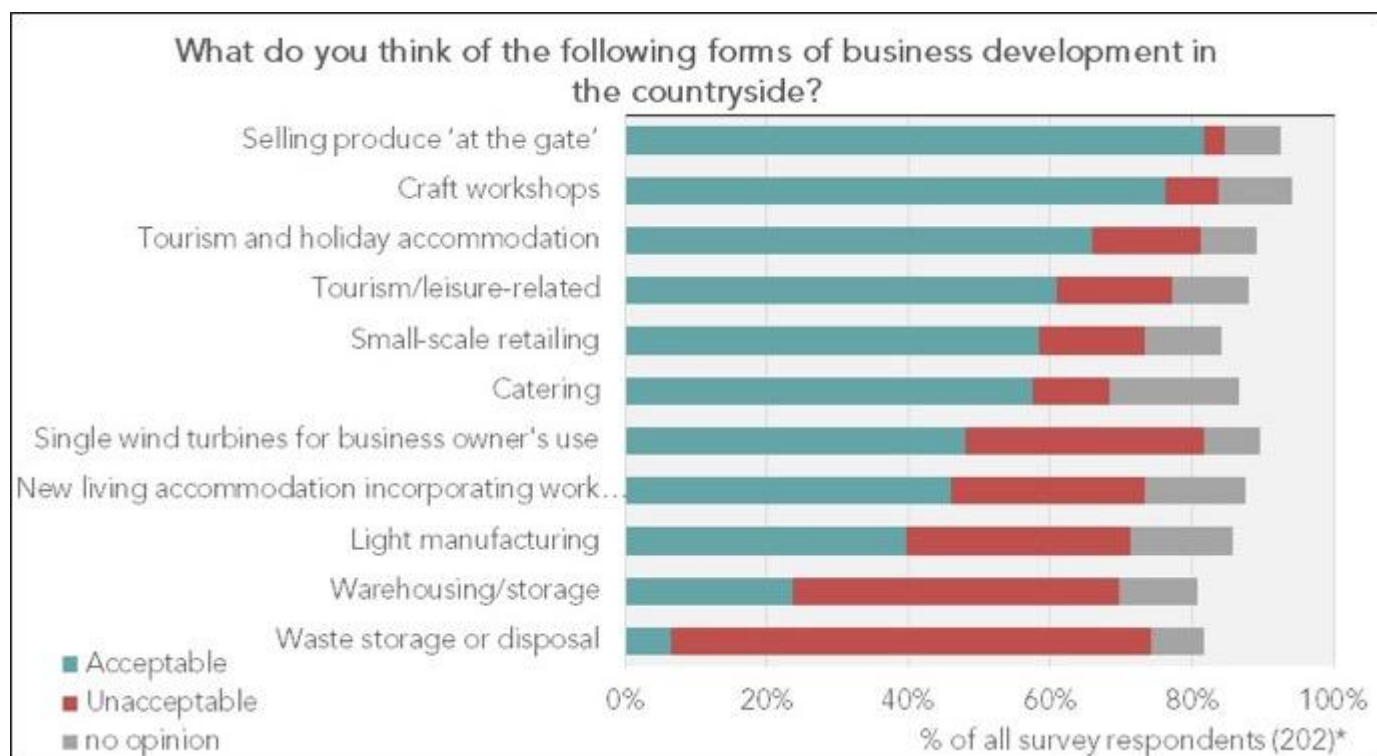

There were 11 comments made to provide 'other' suggestions to encourage new businesses, please see Appendix 2 for detail.

Q12. What do you think of the following forms of business development in the countryside?

	Acceptable		Unacceptable		no opinion		Total respondents	Not answered	Base*
Selling produce 'at the gate'	165	82%	6	3%	16	8%	187	15	202
Craft workshops	154	76%	15	7%	21	10%	190	12	202
Tourism and holiday accommodation	133	66%	31	15%	16	8%	180	22	202
Tourism/leisure-related	123	61%	33	16%	22	11%	178	24	202
Small-scale retailing	118	58%	30	15%	22	11%	170	32	202
Catering	116	57%	22	11%	37	18%	175	27	202
Single wind turbines for business owner's use	97	48%	68	34%	16	8%	181	21	202
New living accommodation incorporating work spaces/units	93	46%	55	27%	29	14%	177	25	202

Warehousing/storage	48	24%	93	46%	22	11%	163	39	202
Waste storage or disposal	13	6%	137	68%	15	7%	165	37	202
Other (please specify)	4	2%	4	2%	0	0%	8	194	202

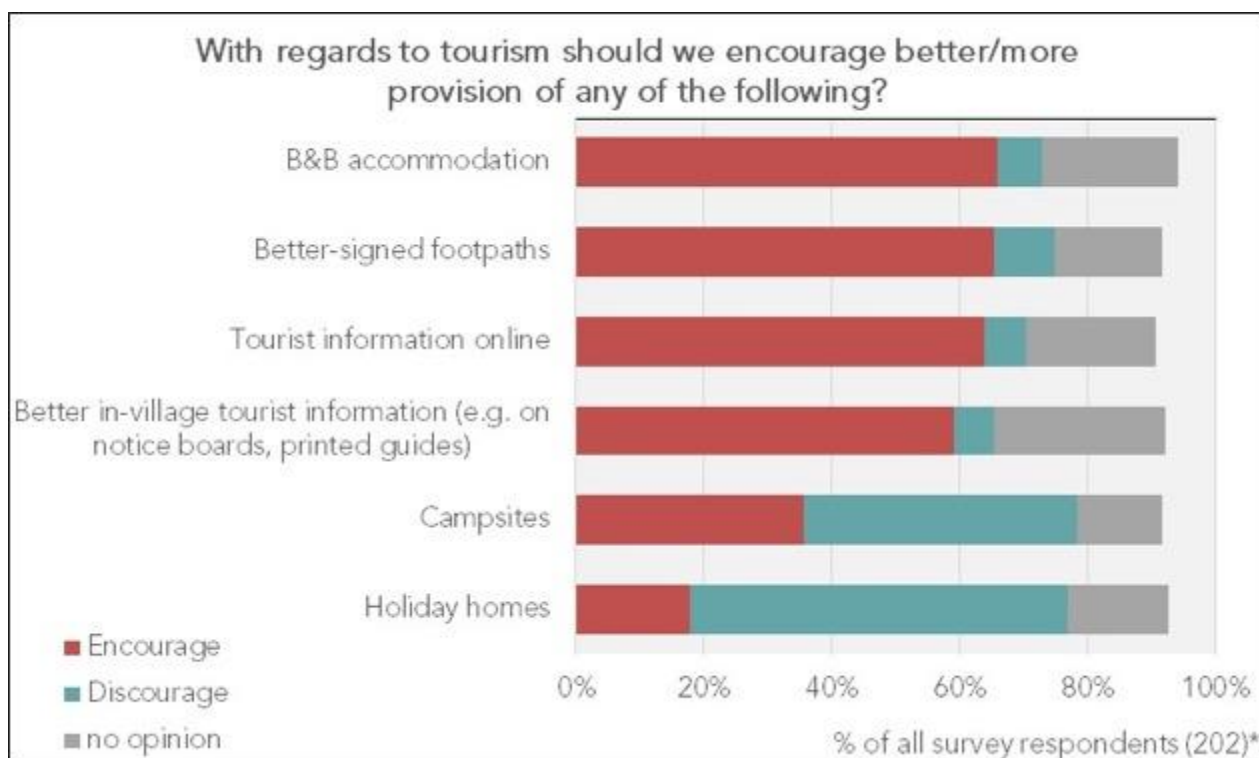

There were 16 comments made, please see Appendix 2 for full list.

Q13. With regards to tourism should we encourage better/more provision of any of the following?

	Encourage		Discourage		no opinion		Total respondents	Not answered	Base*
B&B accommodation	133	66%	14	7%	43	21%	190	12	202
Better-signed footpaths	132	65%	19	9%	34	17%	185	17	202
Tourist information online	129	64%	13	6%	41	20%	183	19	202
Better in-village tourist information (e.g. on notice boards, printed guides)	119	59%	13	6%	54	27%	186	16	202
Campsites	72	36%	86	43%	27	13%	185	17	202
Holiday homes	36	18%	119	59%	32	16%	187	15	202
Other (please specify)	6	3%	0	0%	1	0%	7	195	202

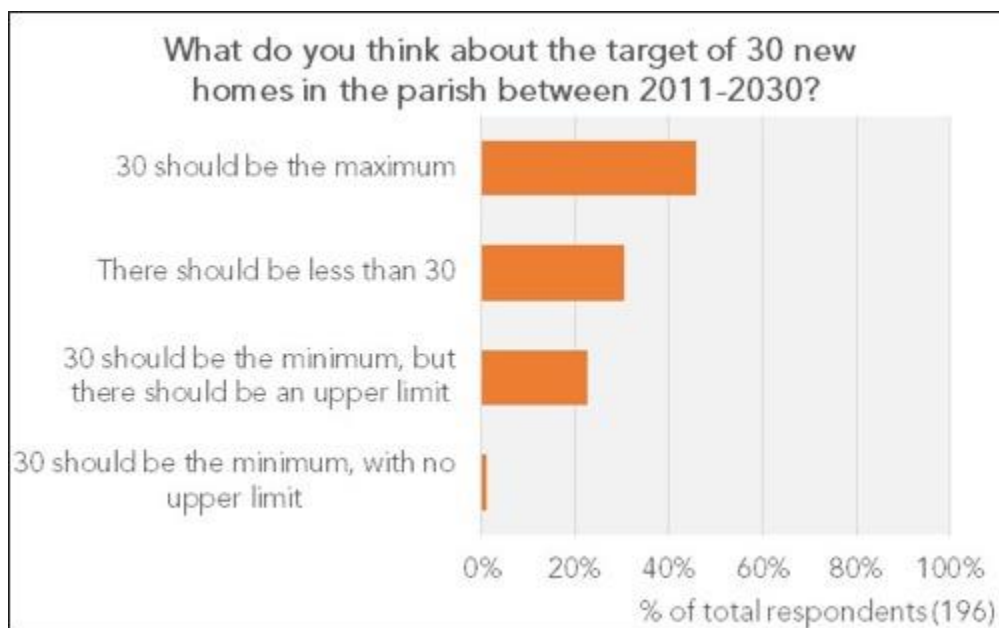

There were 16 comments made providing 'other' suggestions, please see Appendix 2 for full list.

Housing – Number of new houses

Q14. What do you think about the target of 30 new homes in the parish between 2011-2030?

	Number of respondents	% of respondents
30 should be the maximum	90	46%
30 should be the minimum, with no upper limit	2	1%
30 should be the minimum, but there should be an upper limit	44	22%
There should be less than 30	60	31%
Total respondents	196	100%
Not answered	6	

Housing – location of new houses

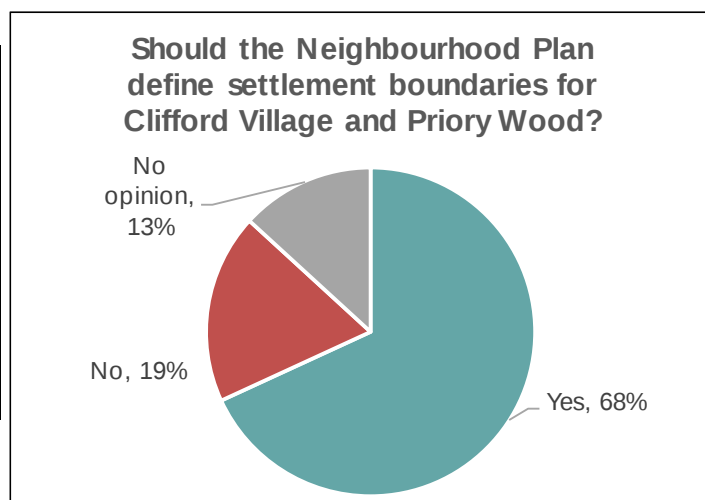

Q15. What kind of homes and where should they go?

	All		Most		Some		None		Total respondents	Not answered	Base*
Clifford village (conversion of existing)	19	9%	43	21%	117	58%	9	4%	188	14	202
Clifford village (new build)	16	8%	28	14%	119	59%	25	12%	188	14	202
Priory Wood (conversion of existing)	16	8%	24	12%	122	60%	18	9%	180	22	202
Rest of the parish (conversions / rural exception sites)	8	4%	21	10%	118	58%	38	19%	185	17	202
Priory Wood (new build)	7	3%	12	6%	98	49%	62	31%	179	23	202

Q16. Settlement boundaries normally define where development can take place. Currently there are no formal settlement boundaries in Clifford, which makes development more difficult for us to control. Should the Neighbourhood Plan define settlement boundaries for Clifford Village and Priory Wood? (If there is support for settlement boundaries we will consult with you on where they will be located at a future public meeting)

	Number of respondent s	% of respondent s
Yes	124	68%
No	34	19%
No opinion	24	13%
Total respondents	182	100%
Not answered	20	

Housing – types of new housing development

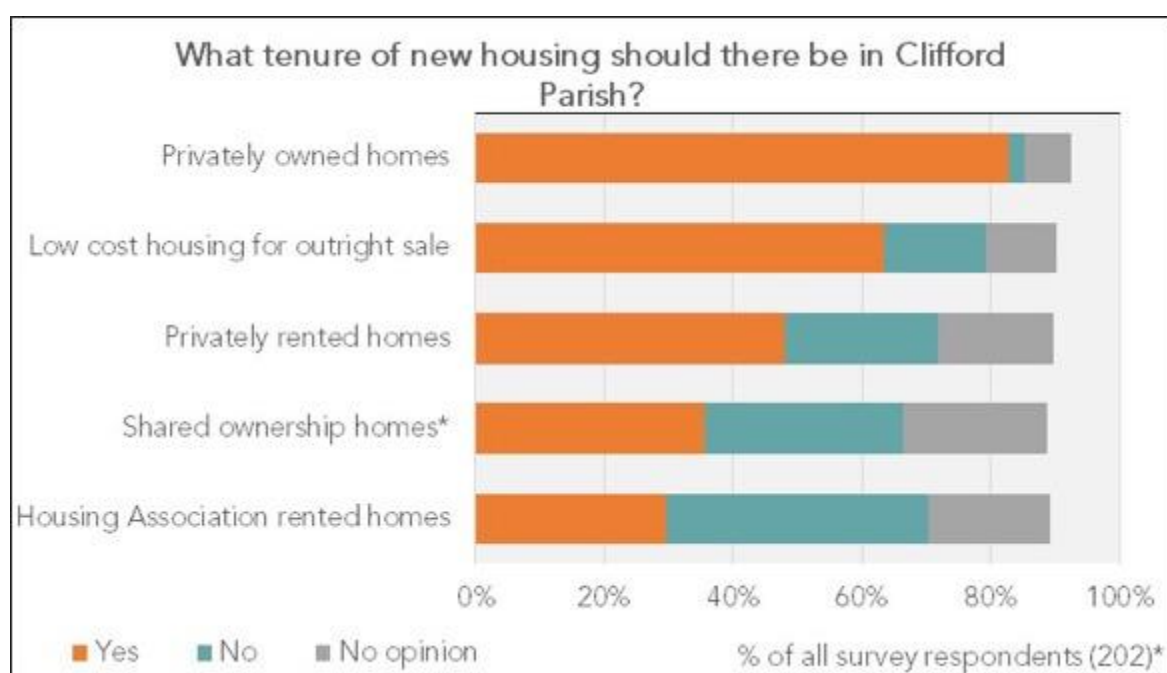

Q17 . What kind of housing do you think the parish will need between now and 2031?

	Agree		Disagree		No opinion		Total respondents	Not answered	Base*
Standard family homes (3 bedrooms)	151	75%	19	9%	20	10%	190	12	202
Affordable Starter homes (max 2 bedrooms)	137	68%	35	17%	18	9%	190	12	202
Adapted/easy access homes; e.g. bungalows	136	67%	28	14%	22	11%	186	16	202
Living/working properties (small scale enterprise located within or adjacent to the home)	124	61%	36	18%	30	15%	190	12	202
Supported housing/retirement homes	89	44%	67	33%	32	16%	188	14	202
Larger homes (4 or more bedrooms)	46	23%	101	50%	33	16%	180	22	202
Flats/apartments (various sizes, incl. Houses turned into flats)	25	12%	129	64%	28	14%	182	20	202

Q18. What tenure of new housing should there be in Clifford Parish?

	Yes		No		No opinion		Total resp.	Not ans.	Base*
Privately owned homes	167	83%	5	2%	15	7%	187	15	202
Low cost housing for outright sale	128	63%	32	16%	22	11%	182	20	202
Privately rented homes	97	48%	48	24%	36	18%	181	21	202
Shared ownership homes*	72	36%	62	31%	45	22%	179	23	202
Housing Association rented homes	60	30%	82	41%	38	19%	180	22	202

Q19. Irrespective of where they are to be built what do you think is appropriate for any one housing development in the Parish?

	Yes		No		No opinion		Total resp.	Not ans.	Base*
Up to three houses	140	69%	26	13%	11	5%	177	25	202
3-6 houses	83	41%	83	41%	14	7%	180	22	202
7-10 houses	22	11%	134	66%	15	7%	171	31	202

More than ten houses	8	4%	148	73%	16	8%	172	30	202
----------------------	---	----	-----	-----	----	----	-----	----	-----

Q20a. Would you like the neighbourhood plan steering group to investigate the community housing group option further and report back to the community on its feasibility and costs?

	Number of respondents	% of respondents
Yes	74	39%
No	59	31%
Not sure	59	31%
Total respondents	192	100%
Not answered	10	

Q20b. If you answered yes to 20a, would you be prepared to be involved in the feasibility study?

	Number of respondents	% of respondents
Yes	25	27%
No	66	73%
Total respondents	91	100%

Q21. If new houses are to be built in the Parish how important to you are the following?

	Very important		Fairly important		Not important		No opinion		Total respondents	Not answered	Base*
They have a low impact on the local environment	147	73%	38	19%	2	1%	4	2%	191	11	202
They provide off-road parking	133	66%	46	23%	9	4%	2	1%	190	12	202
They are similar size and appearance to existing houses near/around it.	110	54%	56	28%	19	9%	4	2%	189	13	202
They maintain minimum gap	109	54%	63	31%	6	3%	10	5%	188	14	202

consistent with existing adjacent development.
